

Fida Muhammad

Nationality: Pakistani (+92) 3332056602 **Date of birth:** 27/06/1994

Gender: Male

Email address: engr.fidamohd@gmail.com

Whatsapp Messenger : +923332056602

LinkedIn : http://www.linkedin/in/engrfm

Address: Scheme 33, D110, Rahim view, Superhighway, 71000 Karachi (Pakistan)

OBJECTIVE

To acquire a challenging position in a dynamic organization, where I can fully apply my skills and knowledge towards the organization's benefits and in turn expedite my professional growth.

EDUCATION AND TRAINING

M.E Electronic Engineering

NED University of Engineering and Technology Karachi [01/11/2019 - 19/04/2022]

Address: Karachi (Pakistan)

https://www.neduet.edu.pk/

BS Biomedical Engineering

Sir Syed University of Engineering & Technology Karachi [01/12/2012 - 09/04/2016]

Address: Karachi (Pakistan)

https://www.ssuet.edu.pk/

High Secondary

Intermediate Board Karachi [01/06/2009 - 01/09/2011]

Address: Karachi (Pakistan)

https://biek.edu.pk/`

Secondary School Certificate

Secondary Board Karachi [01/06/2007 - 01/09/2009]

Address: Karachi (Pakistan)

https://www.bsek.edu.pk/

WORK EXPERIENCE

Assistant Manager Biomedical

Sindh integrated emergency and Health services [01/01/2021 - Current]

City: Karachi **Country:** Pakistan

- Evaluating risks and developing strategies to overcome project obstacles
- Played a pivotal role as a key member of the procurement committee, overseeing and facilitating procurement activities for biomedical projects. Making equipment 's specification as per the user requirement and tender evaluation with the collaboration of supply chain department.
- Evaluated supplier proposals and bids with the collaboration of procurement department, applying a meticulous approach to assess technical specifications of biomedical equipment and supplies.
- Implemented and optimized ERP functionalities for PR generation, enabling efficient communication between departments and facilitating timely procurement of vital biomedical resources.
- Proficiently developed and managed comprehensive biomedical budgets, integrating a deep understanding of project requirements, resource allocation, and cost forecasting.
- Command on drafting, formulation & implementation of policies & procedures of the Biomedical Department. Planning & organizing Departmental Activities and managing and effective utilization of biomedical engineers.
- Assessment, planning, control, and demand of spares required for speedy repairs and in-time maintenance of Biomedical Equipment and to avoid its breakdown.
- Preparation of PPM Plans, and their execution.
- Investigate Medical Equipment failure.
- Making Decisions and Solving Problems – analyzing information and evaluating results to choose the best solution and solve problems.
- Inspecting equipment, structures, or materials to identify the cause of errors or other problems or defects.
- Calibration of Biomedical equipment with the help of advanced simulators.
- Evaluate the safety, efficiency, and effectiveness of biomedical equipment.
- Install, adjust, maintain, and/or repair as required on medical equipment as per manufacturer's guidelines.
- Advise and assist in applying instrumentation in clinical environments by monthly staff training.
- Played a key role in maintaining and advancing the company's commitment to quality and process excellence by ensuring compliance with ISO QMS 9001:2015 standards.

Biomedical engineer

The Indus Hospital Network-Global health directorate [13/03/2018 - 31/12/2020]

City: Karachi **Country:** Pakistan

- Aware of PNRA and ALARA guidelines. And help end-users in the implementation of all health and safety protocols.
- Manage and organize biomedical equipment and implementation of Indus biomedical protocol under the supervision of the Indus biomedical Management team.
- Resolves problems associated with installing, repairing, and modifying biomedical systems. Performs corrective and preventive maintenance (PM) on equipment.
- Performs initial inspections on new equipment and ensures inclusion into the equipment management database on HMIS. Documents preventive maintenance on organizational forms as preventive maintenance documentation inclusion in the centralized database on HIMS.
- Actively participate in the reduction of repair costs. Researches and generates purchase requisitions for repair parts and ensures the issuing of parts in the organizational database as required.
- Evaluates Imaging system for compliance with Original Equipment Manufacturer (OEM) and regulatory standards. Ensures leadership is informed of issues of non-compliance devices and systems and formulates and forwards recommendations to remedy non-compliance.
- Performs inspections to determine if contractor/vendor finished services meet specifications.
- Work with clinical staff in solving equipment problems and provides training when needed.
- Inspects and reports operator misuse and/or user damage to imaging systems. Investigates safety issues, hazards, and equipment incidents. Services and configures radiology imaging systems and other equipment to the organizational network.
- Management of biomedical equipment installed in out-campuses all over Pakistan.
- Participates in team proficiency training of fellow technicians and staff.

Executive Biomedical

Sindh People Ambulance services [11/06/2016 - 12/03/2018]

City: Thatta **Country:** Pakistan

- Participates in team proficiency training of fellow technicians and staff.
- Assessment, planning, control, and demand of spares required for speedy repairs and in-timemaintenance of Biomedical Equipment and to avoid its breakdown.
- Preparation of PPM Plans, and their execution.
- Making Decisions and Solving Problems – analyzing information and evaluating results to choose thebest solution and solve problems.

- Install, adjust, maintain, and/or repair as required on medical equipment as per manufacturer's guidelines.

CERTIFICATION

5 Days Simulation Educators Program from CIME
[Aga Khan University Hospital, 23/10/2023-27-10-2023]

Chatgpt and Professional Integrity
[Pakistan Engineering Council June 2023]

Workshop on SSP Rule 2010 and PPMS
[Sindh public procurement regulatory authority, Govt of Sindh. 26/10/2022 - 28/10/2023]

Workshop on 6 Critical Practices for Leading a Team
[Frankelin Covey, 17/05/2023-17/05/2023]

PUBLICATIONS
