EDITORIAL SKILLS

- MS Word & Excel
- Academic Writing
- Open Journal Systems (OJS)
- Journal Indexing & Abstracting
- Manuscript Processing

WEB & TECH

- HTML · CSS
- PHP Basics
- Wordpress
- Python · Power BI
- MATLAB · LabVIEW

SOFT SKILLS

- Strong organizational & record management
- Professional correspondence
- Detail-oriented & self-motivated
- Team collaboration

SUMMARY

Biomedical Engineer with a Master's in Data Science from Mehran University of Engineering & Technology (MUET). Skilled in healthcare data analytics, AI/ML, and biomedical device research. Experienced in prototyping, statistical modeling, and translating biomedical datasets into actionable insights for healthcare teams, researchers. Passionate about data-driven healthcare innovation and advancing MedTech solutions.

RESEARCH PUBLICATION

"Characterization of Morphological and Physicochemical Properties of CA/PVA Hemodialysis Membranes Using Advanced Data Analytical Techniques"

JISR-C · Vol 24, Issue 1, 2026 Paper ID: JISR-C 348

EDUCATION

MS in Data Science 2025 – 2027
Mehran University of Engineering & Technology (MUET)

B.E. Biomedical Engineering 2021 – 2024
MUET, Sindh · CGPA: 3.40 / 4.00

Intermediate 2018
BISE Hyderabad · Grade: A

Matric 2016
BISE Hyderabad · Grade: A1

WORK EXPERIENCE

Biomedical Engineering Intern 2023
Civil Hospital, Tando Allahyar

- Assisted in maintaining, calibrating, and troubleshooting diagnostic and therapeutic biomedical equipment
- Collected and analyzed patient-related datasets to support clinical decision-making
- Maintained documentation, logs, and performance reports for medical devices
- Collaborated with multidisciplinary medical teams for reliable device operation in patient care

TECHNICAL PROFICIENCY

- MS Word & Excel
- Academic & Research Writing
- Python (Pandas, NumPy)
- HTML / CSS
- Power BI
- OJS
- ML / DL / NLP
- MATLAB & LabVIEW

CERTIFICATIONS

- Paradigm Shift in Healthcare: The Evolving Role of Biomedical — Pakistan Engineering Council (PEC), 2025
- Introduction to Robotics and its Promising Future
- Measurement Techniques: A Multidisciplinary Approach to Biomedical Engineering
- Generative AI Application Developer Certificate(HEC),OCT-NOV 2025
